

IMS Call Schedule: Block 11 (4/2-4/29)
Last updated 12/8/11

Admissions: Interns admit to a cap of 6 pts the 1st month of inpatient service, 8 pts the 2nd month. Max of 4 new admissions per short call, 5 new admissions per long call. Seniors are responsible for all patients on the IMS service, and admit with interns every day. On long call, seniors can admit 3 patients alone after the intern is capped. The care of these patients will go to the next intern.

RRT: Rapid response calls will be covered by FMS, IMS, and ICU teams. In order to facilitate handoffs, page the resident who will be responding to calls after you at the completion of your shift as a reminder. The oncoming resident will call you back to confirm the handoff. You are still covering RRT until you receive the confirmation call-back.
