Learning Objectives:
At the end of this session, participants should be able to:
1. Identify the key characteristics of a profession
2. Describe physician behaviors that demonstrate professionalism (or not)
3. Analyze the meaning of the social compact (or contract) and the duty to promote the common good it implies for a profession
4. Explain how physician wellness and the “white coat wall of silence” relate to professionalism
5. Develop strategies to promote development of professionalism values and behaviors
