IACUC Annual Review Manual

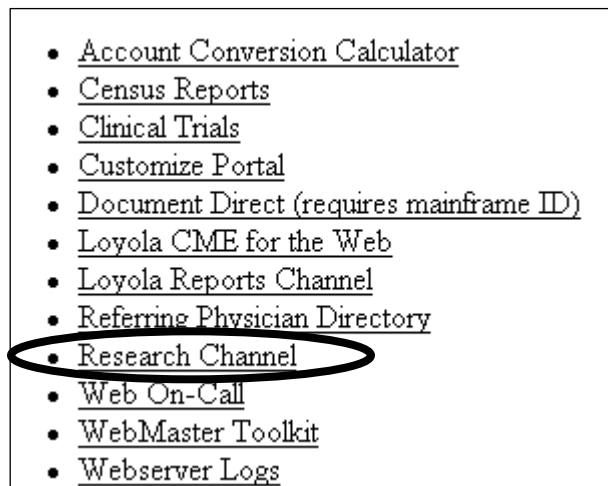

January 2005

The **LUHS RESEARCH CHANNEL** option can be found once you log into the Loyola Information Portal from the Loyola Wired Page. The Research Channel option will be part of your Information Portal if you have been given access to use this function.

1. Logon from the **Loyola Wired** Intranet page. You will need to enter your Logon ID (universal ID) and your password.

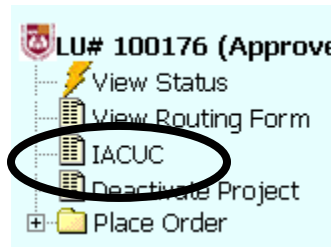

2. Click on **Research Channel**

3. You will now be logged into the Electronic Research Administration Menu.
4. Select the appropriate LU number that coincides with the Annual Review Email that was received.

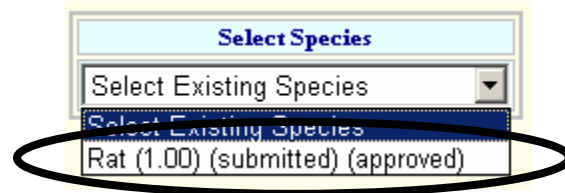

5. Select IACUC on the menu to the left.

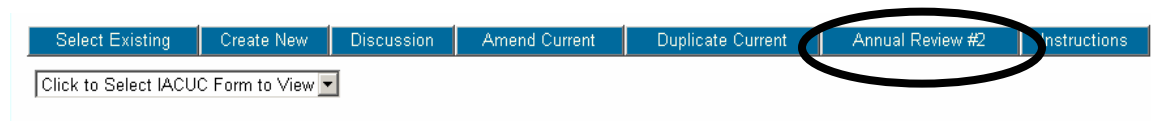

6. Choose Select Existing

7. Choose the appropriate species listed from the email. The Annual Review will only be done on an approved project.

8. The menu will refresh. Choose Annual Review #1, #2, or #3

9. The following is an example of the Annual Review Form:

10. The entire annual review form needs to be completed before it is submitted. If there are changes that need to be made in the current ACORP an Amendment will need to be filed as well. The system checks to see if there is a current amendment in the system and if there isn't a current amendment they system will automatically open up the amendment form for completion.
