

PCM2 Academic Year 2020-2021

EKG Semester IV Schedule

*Read and prepare before small group. EKGs that are labeled “ read systematically” should be read in small group in a complete systematic fashion, be sure to prepare for small group with this in mind. Discussion on the other EKGs will be more focused, see the prompt on the EKG

*Note Chapter 8, Putting It All Together, has summaries that are useful throughout the year; Chapter 9 contains practice EKGs.
