Surgery Clerkship
Site Description
Loyola University Medical Center

Location	Loyola Hospital: 2160 S 1st Ave, Maywood, IL 60153 Medical Education Office: Stritch School of Medicine / Building 120 / Room 300
Contacts	Medicine Clerkship Site Director: Kevin Brown, MD, FACS, FASMBS 708-327-2845; kevin.brown@lumc.edu Medical Education Coordinator: Renata Barylowicz 464-220-9194; rbarylo@luc.edu
Parking	Students should park in their designated parking garage. Health Sciences Campus Parking Office Phone: (708) 216-9092
Reporting Time & Location	Students will receive an email with their reporting time and location.
Orientation & Badge	Site orientation will take place on the students' first day of service at 10 am in room 3284 of the hospital. Details will be provided via email the week before the start of the rotation. • Your SSOM student ID badge will have campus access. Contact the Parking Office with issues.
Dress Code	Students should wear professional attire or scrubs under their long lab coat. Follow the direction of your team and verify what is appropriate for the service you are on. • ID Badges are to be worn at all times and will be necessary to gain access to all assigned areas.
Meals	Loyola's food court offers several options, including American, Asian, and Mexican traditions, with fresh-cooked meals and grab-and-go choices. Other campus food and beverage options include: • Panera at the north end of the hospital cafeteria • Starbucks near the Center for Heart and Vascular Medicine • Stritch School of Medicine cafeteria • Sandwich, soup, and snack stand at Loyola Center for Fitness • Panera at Loyola Outpatient Center
Conferences/Location	<table><tr><th>Name</th><th>When</th><th>Location</th></tr><tr><td>Grand Rounds/M&Ms</td><td>Wednesdays 7-8 am</td><td>SSOM, room varies</td></tr><tr><td>PBLs</td><td>Weekly, days vary; time is either 7 am or 8:15 am</td><td>SSOM, room 360 or 345</td></tr></table>
Security	Loyola Hospital has dedicated security staff on campus.
Storage/Locker Location	Students may leave their belongings in their OR locker rooms.
Lactation Rooms	A room dedicated to medical students on the 6th floor of the hospital in the General Medicine pod can be used as a private lactation space.

Study/Rest Area	A room dedicated to medical students on the 6th floor of the hospital in the General Medicine pod can be used as a study/rest area. The main resident workroom area also has tables and couches where students can rest or study.
Call Rooms	The call room is on the 6th floor of the hospital in the General Medicine pod.
Information Technology Resources	Students have full access to the EMR and other resources available through it. They can also use the LUHS Health Sciences library online and in person.
Site/Rotation Description	Inpatient Team Structure: Each student will be assigned to one general surgical service and one specialty service or two general surgical services (depending on the number received on the surgery lottery). His/her interaction with each member of the hospital team will determine the quality and ease of learning while "on the floors." Although faculty and house staff recognize the student as an integral and important member of the surgical team, the public perceives them somewhat differently. Because of this, it is of the utmost importance that any exchange between patient and student, or student and family, be done with discretion and good sense. If any difficulty arises, bring be to the immediate attention of the senior resident or the attending. The senior resident will be responsible for assigning duties on a day-to-day basis; these include patient evaluations and various floor duties. He/she will be responsible for the teaching of fundamental skills, fostering an open dialogue between house staff and students, and ensuring that the acquisition of knowledge is the foremost consideration in having students on any clinical service. The student should seek advice from the senior resident regarding problems on the clinical service. Inpatient Expectations: Each student must see the patient as an individual and act with compassion, kindness, and respect at all times. The patient's privacy and dignity must be protected, not only physically, but in all matters related to illness, treatment, and prognosis. Any discussions regarding the patient's problem, whether with the patient or his family, must be done with the Senior Resident's or Attending's knowledge and permission. The maximum student time at a clinical site is 80 hours per week. Students are required to have one full day off per week. Students are required to leave by noon if they are rounding on a weekend day. Call: Each student is expected to fulfill all call days to which he/she is assigned and to remain on the floor each day until he/she is dismissed. Each institution will construct its own call schedule; in no instance should night call exceed one in four nights. Students will be exempt from call and hospital duties on all applicable student holidays. Students are on one weekend day overnight call, 6 p.m.-6 a.m. or day call 6 a.m.-6 p.m. Weekends: Students are expected to work six days per week; the chosen weekend day will be determined on the clerkship by the student and his or her team. Weekday work hours are typically 6-7am to 3-6pm, pending work needs. Weekend work hours are typically a bit shorter from 6-7am to 12-1pm, but this may vary depending on work needs. Evaluations + Feedback: Students will be evaluated collectively by their teams at the two-week and four-week mark.
Exposure to an Infectious or Environmental Hazard	All needle sticks and other exposures to blood or other potentially infectious body fluids should be immediately reported to the student's supervisor, clerkship administrator, and to the designated contact at the facility where the incident occurs, **as well as** the IM clerkship team at Loyola. • Policies and procedures can be found on Zenworks through the "MNH Policy and Procedures" application icon.
Access to Health Care Services	Students should access the Wellness Center with any concerns. If an emergency occurs, they should present to the emergency room on campus.
Disaster Preparedness	NA
Wellness Center	Contact the Wellness Center immediately if you are feeling ill. Documentation will be required. A follow-up appointment is needed to obtain clearance to return. Please alert your site/service that you are ill. Send an email to Dr. Brown, Student Affairs, and Renata Barylowicz.
